

REQUEST FOR E-RATE PROPOSALS 2012/2013
FUNDING YEAR 2012
JEWISH EDUCATIONAL CENTER

TELECOMMUNICATIONS SERVICE:

1. The Jewish Educational Center is seeking proposals for phone service utilizing the existing wiring over T-1 or PRI lines for voice service and 8 - 10 POTS lines.
2. The Jewish Educational Center is seeking proposals for local, long distance and regional phone service for POTS lines and the above mentioned T-1 or PRI lines.
3. The Jewish Educational Center is seeking proposals for Point to Point voice and data service between our two campuses, situated approximately 1.5 miles apart. At present, we have a T-1 line, but need broader band width to service our increasing data needs as well as voice.

INTERNET ACCESS:

1. The Jewish Educational Center is seeking proposals for Internet Access that is filtered for school use. Service can be an integrated system for our two campuses, situated approximately 1.5 miles apart, with a T-1 Point to Point between campuses, or separate service from each campus with integrated components for filtering and certain access between networks.
2. The Jewish Educational Center is seeking proposals for Firewall Services for Internet Access in conjunction with the above RFP.
